**Dear Recipient:**

I am excited to be applying for the Aerospace/Mechanical Engineer position at Gloyer-Taylor Laboratories, LLC. I have been working as a Mechanical Engineer in the Aerospace industry for over 5 years where I have led test operations programs, working side by side with both the Air Force and a union workforce, delivering successful results within budget and schedule. Additionally, I serve as the lead facility engineer for my assigned test cell where I plan, oversee, and analyze risk for all maintenance and improvement projects.

I am interested in expanding upon my current experience by working with Glover-Taylor Laboratories, LLC. Thank you for your consideration for this position.

Sincerely,

**Walter “Mills” Bishop**
