

Joshua Haas

42548 Sherry Lane Murrieta CA, 92562 (951) -733-6541 Josh.haas31@gmail.com

Summary	Inspector with an extensive background in various types of coating inspection methodologies, principles and testing instrumentation.
Daily Tasks	<p>Read Work order submitted from engineer.</p> <p>Mark club in specific locations per the work order and/or to the test standards specified in work order (i.e. face integrity, hosel bond, crown bond, medallion adhesion, etc.)</p> <p>Set up club on Air cannon machine. (I.e. find specific location for impact.)</p> <p>Enter perimeter in air cannon system. (i.e. Speed, hit amount, cycle amount)</p> <p>Run machine and enter data into Task Manager at hit intervals.</p> <p>Also run Pendulum testing, Hardness, NCQT, Temperature Testing, Environment Testing, etc</p>
Skills	<ul style="list-style-type: none">• Keen eye for detail• Destruction Testing• Material Testing• Soft Good Testing• Coating Durability• Measurement and testing• Analysis• Inspection• QC (Quality Control)• Data Entry• Report Writing• Ultrasonic Thickness Gauges• Hardness Testing (Shore A,B / Micro /Rockwell)• Compression and Cold Mounts• Polishing of Mounts• Basic Knowledge of Etching Mounts• Sectioning• Great Knowledge and Navigation of Microsoft Office Products• Basic knowledge and Navigation of CAD (Auto CAD Software)• Rebound Testing
